| <input type="checkbox"/> Environment/Pollution | | <input type="checkbox"/> Other (Please describe):_____ |

9: For the solution, what field or sector is your project in?

- Engineering
- Art & Craft
- Economics/Finance
- Education,
- Training & Mentorship
- Medical Sciences
- Other Field; _____

10. What Sustainable Development Goal or Goals (SDGs) does your idea or project aim to address? (Name all that apply) Check the end of this application form for more information about the SDGs.

11. The Challenge: What is the challenge or problem that your team is trying to solve through this innovation competition?

(Hint: What is the specific problem you and your team have identified? How did you identify this problem? Who is most affected by this problem, is it farmers, students or parents?)

12. Problem Motivation: Why is this challenge important to solve?

(Hint: In 2 paragraphs or less write a story of how this problem affects you or your community and research you have done to support that this is a real problem or challenge that people are facing)

13. Proposed Solution: Proposed Solution: How are you planning to address this problem? What do you plan to make or create? How will it work? Who will mostly use or benefit from your solution? Describe the model you want to design. (Include or attach a diagram/illustration or photos)
(Hint: Explain in one or two paragraphs the solution or idea your team has come up with. How will it work? Who will benefit most from your solution? Describe the model you have designed. You can include or attach diagrams/illustrations or photos of the ideas that you and your team did to arrive at the final solution. Also describe the process you went through to come up with the solution.)

14. Other Solutions: What are other existing community solutions that address this problem? How is your idea or project different? Please briefly describe them here.

15. Detailed Budget: What would the cost be to complete your project? Attach additional materials if needed. (You can give an estimated budget)

Material	Description	Quantity	Cost
e.g Plastic pipe	PVC plastic pipe	3 x Ksh 800	Ksh 2,400
TOTAL COST			

~END OF APPLICATION~

Additional information: You can attach or draw sketches and diagrams and include research material that will support your idea/project proposal.

Special Notice * You and your team are welcome to submit as many good ideas and project proposals as you want. If you don't make it as finalists, our team will make sure to give you feedback on how you can improve your idea or project!

About Innovate Kenya Program

Innovate Kenya is hosted by Global Minimum Inc. (GMin) and is an opportunity that empowers youth (aged 13-20 years) to create and implement their own solutions to pressing problems in their communities. Our vision is to expand a culture of innovation and self-efficacy that can help drive economic, social and human development in Kenya.

Secondary school youth and recent high school graduates are encouraged to work in teams of 2 - 4 for the Innovate Kenya program. Up to 12 teams will be selected by an acclaimed panel of international and local judges for a fully-funded 1-week Innovation Camp in August 2019. The camp will include leadership clinics, design thinking workshops, field trips, mentorship and up to Ksh. 50,000 project funding to build a prototype of a solution for a well-defined local problem.

Interested applicants need to provide details of how their idea or project will be developed and why they are well suited to accomplish the project. Each team will be assessed based on their project proposal and how well they explain their idea in the application. At the end of the application cycle, 12 finalist teams will be selected as participants for the August camp

Please note: You do NOT need to have a complete project to apply for Innovate Kenya. We accept ideas in this application process. If you already have a project you have worked on, you are welcome to apply as well.

The deadline to submit a proposal online, by email, or in-person is June 24th, 2019 by 5:00 PM EAT.

Finalists will be announced in July 2019.

If your team doesn't make it to the innovation camp, you will receive feedback from our judges on how you can improve your idea!

***The one-week Innovation Camp will take place from 4th - 10th August 2019. If selected, make sure that you and your team will commit to attending the Innovation Camp for the whole week.

If you have any questions or issues with submitting this application please contact our team via email: apply@gmin.org or call/tex/WhatsApp us on 0792 486 01

The Sustainable Development Goals (SDGs) Guide

Goal 1. End poverty in all its forms everywhere.

Goal 2. End hunger, achieve food security and improved nutrition and promote sustainable agriculture.

Goal 3. Ensure healthy lives and promote well-being for all at all ages.

Goal 4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all.

Goal 5. Achieve gender equality and empower all women and girls

Goal 6. Ensure availability and sustainable management of water and sanitation for all.

Goal 7. Ensure access to affordable, reliable, sustainable, and modern energy for all.

Goal 8. Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all.

Goal 9. Build a resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation.

Goal 10. Reduce inequality within and among countries.

Goal 11. Make cities and human settlements inclusive, safe, resilient and sustainable.

Goal 12. Ensure sustainable consumption and production patterns.

Goal 13. Take urgent action to combat climate change and its impacts.

Goal 14. Conserve and sustainably use the oceans, seas and marine resources for sustainable development.

Goal 15. Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, halt and reverse land degradation and halt biodiversity loss.

Goal 16. Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels.
